

Automated front presentation with **POS-T Honeycomb Channel**

BOOST YOUR NICOTINE POUCHES

Discover the POS-T Honeycomb Channel for oral tobacco cans – the ultimate solution for outstanding product presentation at the point of sale! Inspired by nature, the Honeycomb Channel uses the efficient design of bees to optimize space while ensuring maximum stability.

The POS-T Honeycomb Channel offers limitless design possibilities: Whether flat or tall, you can make the most of your space and perfectly showcase your products. Ideal for cans with a diameter of 69 – 72mm and standard shelf spacing of 127mm.

YOUR BENEFITS:

- Additional space for new products
- Optimal stability
- Attractive product presentation on the shelf
- Order. Overview. Clarity.
